Abstract

This paper provides an example for the Term Project. This is the paragraph of **Abstract**.

1 The Solution of Problem One

This section should contain the answer of Problem One. Your theoretical analysis, experimental results and other supporting materials need to be included in the subsections, which illustrate your solution.

1.1 Subsection1

This subsection should contain your illustrations. Place all illustrations (figures, drawings, tables, and photographs) throughout the paper at the places where they are first discussed, rather than at the end of the paper.

1.2 Subsection2

This subsection should contain your illustrations.

...

2 The Solution of Problem Two

This section should contain the answer of Problem Two. Your theoretical analysis, experimental results and other supporting materials need to be included in the subsections, which illustrate your solution.

2.1 Subsection1

This subsection should contain your illustrations.

2.2 Subsection2

This subsection should contain your illustrations.

...

*Use footnote for providing further information about author (webpage, alternative address).

3 The Solution of Problem Three

This section should contain the answer of Problem Three. Your theoretical analysis, experimental results and other supporting materials need to be included in the subsections, which illustrate your solution.

3.1 Subsection1

This subsection should contain your illustrations. You may put

3.2 Subsection2

This subsection should contain your illustrations.

...

Acknowledgments

All acknowledgments go at the end of the paper.

References

References follow the acknowledgments. Use unnumbered first-level heading for the references.

Appendix

This section should contain the appendix.
